

A website that books customers, **even after hours.**

Three plans built on one booking system. Start with the website, add AI chat and an AI phone line when you're ready. Every booking lands in one calendar, and nothing gets rebuilt.

Total per month	\$50	\$80	\$159–187
First-year total setup + 12 months	\$1,548	\$2,408	\$4,056–4,392

.com domain \$10.44 a year. AI chat: \$0 for a typical shop (about 300 messages a day are free), with caps so it can't run up a bill. AI phone: \$15 a month for the line's number plus \$0.14 per minute (100 minutes ≈ \$14, 300 ≈ \$42). Running costs are estimates from providers' published prices, October 2026, paid on accounts in your name. We never mark them up.

You own it
Site, domain and customer data are in your name.

No double-booking
Customers only see times you've opened.

No surprise promises
The AI never quotes prices or discounts.
